## See how much you could save...

## What's the scheme about?

The Community Fuel Buying Scheme is run by Shropshire RCC to reduce the heating costs of those living in off gas areas across Shropshire.

By bringing communities throughout Shropshire together and making the most of joint buying power, we can make savings and pass them directly to people like you whose fuel costs are high simply because you use oil-fired central heating.

All you need to do to take advantage of the scheme is to pay an annual membership fee, which will cover as many oil orders as you need during the course of the year.

## Annual membership fees

Domestic: £24

Community Building £36

Business: £120

All membership prices include VAT

This will cover your oil deliveries for a year.

Annual membership fees cover our admin costs and are kept as low as possible.

## Local coordinators can join for free!

We are looking for local volunteers who will act as 'go-betweens' for us. Their role will be to tell us each month how much oil the people in their village want to order, and then telling people when the oil will arrive and how much it will cost. In return they will benefit from free membership of the scheme.

## What is Shropshire RCC?

Shropshire Rural Community Council is a local charity committed to making a Shropshire a great place to live for everyone, no matter what challenges they face. Making it more affordable to live in rural areas is a key part of what we do. Your £24 membership fee enables us to cover the admin costs for running this scheme.

## 4 easy steps to cheaper heating oil

### Step 1: Join The Community Fuel Buying Scheme

Call us on 01743 342167 for a membership form or join online at [www.shropshire-rcc.org.uk](http://www.shropshire-rcc.org.uk)

### Step 2: Place an order

Let your local co-ordinator (if you have one) know when you want to buy oil. Each month they submit a total village order to us. Your order increases our negotiating power, so once submitted we regard it as binding. Minimum order is 500 litres.

### Step 3: Sit back whilst we negotiate the price

We negotiate the best price from a whole range of suppliers. You will be advised who the supplier is, the price per litre (exclusive of VAT) and the approximate date of delivery.

### Step 4: Take delivery of the oil and pay the company

The oil will be delivered as soon as possible and you pay the company supplying the oil direct.

## Experience the savings...

Savings achieved are typically between 4 and 5 pence per litre but can be more. Most members find they save their joining fee on their first order.
