cut down some bracken that needed clearing. A local resident had suggested a goal post with a net which had been costed at £500.

The Clerk was asked about the finances for these proposals and he said that the money could be found.

Flood Action Group.

JS reported that the Clerk had emailed Mr Cooper after the last meeting but had received no reply. He recorded that in 2016 £450K had been awarded to help with the local flooding and it was agreed in 2017 that this money should be set aside to set up a natural flood scheme. Local landowners needed to be contacted and this had not happened. JS asked Cllr Flunder if he could help and he agreed to try and arrange a meeting.

Brown Edge/Endon – Road Safety

1. Pedestrian Safety Report

Cllr Flunder said that a final report/recommendation had been sent out: unfortunately, very few received it. In this all recommendations, as per Parish Council request, had been agreed including the speed limit reduction. It was agreed unanimously to accept these recommendations including trying to implement speed monitoring. The problems at Brown Edge Parish Council had meant that their agreement had been delayed.

Cllr Flunder thanked the Parish Councils, the residents that turned up to the public meeting and the Head Teachers for their support. A Brown Edge resident thanked Endon with Stanley Parish Council for their involvement and support to obtain these changes.

2. Moss Hill

Cllr Copeland had been talking to Cllr Flunder over local concerns re safety at the bottom of Moss Hill. Cllr Flunder said that it would be virtually impossible to widen the road but a future review could recommend traffic calming and/or pedestrian warnings. He will look at this.
